**BOARD OF HEALTH MEETING MINUTES**  
**Thursday, January 24, 2023**

**BOARD MEMBERS:**

Jennifer Riebe, Commissioner, Payette County – present  
Lyndon Haines, Commissioner, Washington County – not present  
Zach Brooks, Commissioner, Canyon County – present  
Kelly Aberasturi, Commissioner, Owyhee County – present  
Viki Purdy, Commissioner, Adams County – present  
Sam Summers, MD, Physician Representative – present  
Bryan Elliott, Gem County Board of Health Representative – present

**STAFF MEMBERS:**

In person: Nikki Zogg, Katrina Williams, Josh Campbell, Colt Dickman, Doug Doney

Via Zoom: Troy Cunningham, Ashley Anderson

**GUESTS:** One member of the public attended.

**CALL THE MEETING TO ORDER**

Chairman Kelly Aberasturi called the meeting to order at 10:02 a.m.

**PLEDGE OF ALLEGIANCE**

Meeting attendees participated in the pledge of allegiance.

**ROLL CALL**

Chairman Aberasturi – present; Dr. Summers – present; Commissioner Purdy – present; Vice Chairman Haines – not present; Commissioner Brooks – present; Commissioner Riebe – present; Mr. Bryan Elliott - present

**REQUEST FOR ADDITIONAL AGENDA ITEMS; APPROVAL OF AGENDA**

Chairman Kelly Aberasturi asked for additional agenda items. Board members had no additional agenda items or changes to the agenda.

**MOTION:** Dr. Summers made a motion to approve the agenda with the requested changes.

Commissioner Riebe seconded the motion. All in favor; motion passes.

**IN-PERSON PUBLIC COMMENT**

No public comment was made.

**OPEN DISCUSSION**

Board members had no topics for open discussion. Nikki asked Board members to review and update the contact list in the Board binders. Commissioner Purdy asked about the Epidemiologic and Laboratory Capacity (ELC) grant listed in the contracts section. This topic will be discussed during contracts update provided later in the meeting.

### **APPROVAL OF MEETING MINUTES – DECEMBER 20, 2022**

Board members reviewed meeting minutes from the meeting held December 20, 2022.

**MOTION:** Dr. Summers made a motion to approve the December 20, 2022, Board of Health meeting minutes as presented. Commissioner Purdy seconded the motion. All in favor; motion passes.

### **INTRODUCTION OF NEW EMPLOYEES**

One new employee was introduced.

### **DECEMBER 2022 EXPENDITURE AND REVENUE REPORT**

Troy Cunningham, SWDH Financial Manager, presented the December 2022 Expenditure and Revenue Report. At this point in the fiscal year, the target rate is 50%. Overall expenditure ratio is at 41.8%. Troy also shared information regarding the distribution of county contributions.

### **QUARTERLY CONTRACT UPDATE**

Troy presented the quarterly contract update and answered questions from Commissioner Purdy regarding the ELC Cares Enhancement and Support grant and the COVID-19 Health Disparities grant. Nikki explained that the disparities grant is one SWDH applied for to help fund the work at the youth crisis center and is intended to help pay for the position to oversee the project. Colt Dickman, Environmental and Health Community Services Division Administrator, explained that the ELC Cares Enhancement and Support grant is a grant from the state and funds are available through June 2024. The grant increases epidemiological capacity and other services such as education that support the prevention of COVID-19 disease. Colt explained that this is a multi-year funding grant and what is not expended by June 2024 will return to the State.

Commissioner Purdy asked if some of the funds are being used to build a database. Colt and Nikki shared that SWDH is looking into tools that can help analyze data and provide information to staff and the Board for decision-making.

### **FISCAL YEAR 2023 BUDGET REVISION**

Troy presented the Fiscal Year 2023 mid-year budget revision. In the initial budget development, staff estimate the revenues and expenses for the coming fiscal year. At the mid-year budget revision, staff have a better idea of how revenues and expenditures are going to play out through the remainder of the year and updates are made to the budget projections for the remainder of the fiscal year. Trustee and benefits are pass through funds SWDH typically receives from Idaho Department of Health and Welfare (IDHW) that we pass through to other entities to complete work. The bulk of revenue increase noted in the budget revision comes from the youth behavioral health-related grant awards that were not anticipated when the budget was set.

Troy explained the state appropriation is now zero due to the change in funding that occurred as a result of House Bill 316 in 2021. \$2.78 million reflects the shift from shared state appropriated and county contribution funding to SWDH to the counties maintaining their contributions and taking on the state's portion. Chairman Aberasturi explained that House Bill 316 provided some relief in tax burden with the discontinuation of the indigent and CAT (Catastrophic Health Care Program) funds in exchange for the state moving away from partially funding the health districts.

#### **QUARTERLY STRATEGIC PLANNING UPDATE**

Sam Kenney, SWDH Training and Development Manager, provided a strategic plan update. She shared that the organizational strategic plan informs all the organization's decisions and that all staff are aware of the plan, understand it, and can apply it to their planning decisions and actions. The plan is intentionally designed to be dynamic and it will undergo a review every five years and changes to goals and key results will be made to ensure alignment with the direction of the organization.

Chairman Aberasturi asked how we will gauge the effectiveness of the strategic plan. Sam explained that performance measures will be used to determine success. The performance measures have not yet been chosen but will be included in the plan.

Commissioner Aberasturi noted that, overall, he sees the general public does not know what SWDH does. SWDH critically needs to get our message – what we do and what we can help with – out to the public.

#### **QUARTERLY WESTERN IDAHO COMMUNITY CRISIS CENTER UPDATE**

Emily Straubhar, SWDH Project Manager, provided a quarterly update for the Western Idaho Community Crisis Center (WIDCCC). Due to some changes in Lifeways staffing, Emily has been working with staff to level set knowledge and expectations.

Idaho Department of Health and Welfare has notified SWDH of its intent to extend the contract through April of 2024.

#### **LAND USE AND SUBSURFACE SEWAGE UPDATE**

Mitch Kiester, SWDH Program Manager, provided an update on land use and subsurface sewage. Currently, the program has five inspectors – two working in Canyon County, one in Gem County, one covering Adams, Payette, and Washington Counties, and one covering Owyhee County and floating coverage for the other counties.

#### **FACILITIES FIVE-YEAR PLAN**

Doug Doney, SWDH General Support Services Administrator, presented the five-year plan for SWDH facilities. The estimates of repairs needed are based on inspection reports completed by licensed contractors. He explained that the facility and infrastructure improvements and replacements will be needed over the years. To ensure SWDH continues to be a good steward of taxpayer dollars, he suggested budgeting a set amount each year to go toward the cost of anticipated and preventive maintenance.

#### **DIRECTOR'S REPORT**

##### **Tour of Youth Behavioral Health Community Crisis Center – February Board Meeting**

In response to board member requests, a private tour of the proposed youth behavioral health crisis center location has been scheduled for Board members following the February Board of Health meeting.

##### **COVID-19 Hotwash – March Board Meeting**

Board members requested to go through a post-COVID-19 hotwash to see if there are lessons learned that SWDH and board members can take forward to the future.

**Summer IADBH conference travel – June 8-10, 2023, Coeur d’Alene**

The Idaho Association of District Boards of Health (IADBH) annual meeting will be hosted by Public Health District 1 in Coeur d’Alene, Idaho this year. Katrina will reach out to board members to request RSVPs for the conference and begin travel arrangement planning.

**IAC meeting**

Nikki was invited to participate in a panel discussion regarding public health district funding at the upcoming Idaho Association of Counties (IAC) meeting. She is still gathering information on what is expected on that panel.

**Executive Session**

There will be no executive session today to discuss the lease for the youth crisis center as we are still waiting on the lease. When the contract is received, Nikki will distribute that to Board members and schedule a special meeting via Zoom.

There being no further business, the meeting adjourned at 12:08 p.m.

Respectfully submitted:

# Payette Community Health Action Team (CHAT)

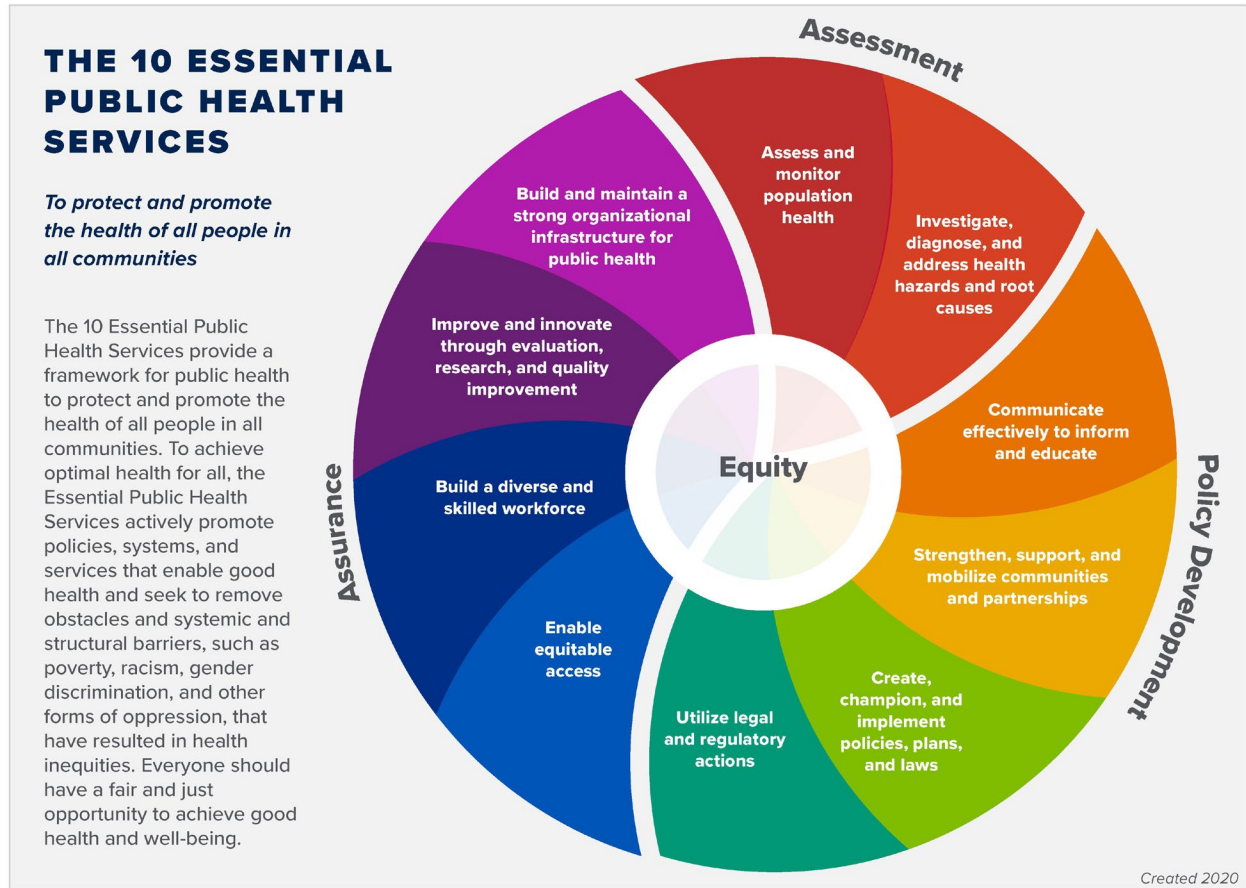

Emily Straubhar  
February 28, 2023

# What is a CHAT?

- Geographically based health coalition – one in each county
- Meet routinely to identify health needs and opportunities
- Community-led health conversations
- Identify actions to improve identified health needs
- Members include community members, elected officials, healthcare, schools, any organization interested in the health of a community

# Why CHATs?

- Assess and monitor local health needs
- Understand root causes of health
- Mobilize communities and partnerships
- Champion plans, policies, and laws
- Enable equitable access
- Innovate to improve health
- Build community infrastructure for health

# How does SWDH support CHATs?

Common  
Agenda

Shared  
Measurement

Mutually  
Reinforcing  
Activities

Continuous  
Communication

Backbone  
Organization

**Collective Impact Model**

**PAYETTE**

COUNTY HEALTH ACTION TEAM

# Payette County Health Action Team (PCHAT)

# PCHAT Priority Areas and Mission & Vision

**Behavioral Health Access**

**Transportation**

**Food Security**

**Mission:** Identify community needs and create actionable, collaborative solutions to overcome barriers and strengthen our community well-being.

**Vision:** We envision all individuals having the support and resources needed to attain overall health and well-being.

# PCHAT Membership

- Western Idaho Community Action Partnership (WICAP)
- Saint Alphonsus Healthcare System
- St. Luke's Healthcare System
- Valley Family Healthcare
- City of Payette – Mayor Craig Jensen
- Fruitland Chamber of Commerce
- Payette Senior Center
- New Plymouth and Payette School Districts
- The Idaho Foodbank
- The Western Treasure Valley Food Systems Partnership
- The Fletcher Group
- Western Idaho Community Health Collaborative (WICHHC)

# Current PCHAT Projects

- Assess safe walkability and biking access through a training called the Looking Glass Academy
- Collaborate with Boise State University Community Impact Program to promote FindHelpIdaho.org
- Host future townhall meetings to grow PCHAT membership
- Engage school superintendents to identify shared projects throughout the schools

# Recent CHAT Successes

- BUILD Health Challenge
- Increased PCHAT membership to include new partnerships
- Community Health Needs Assessment – community voice reflected via surveys, focus groups, and key informant interviews
- Collaborated with the Payette Library and the Division of Behavioral Health to expand telehealth services

**Objectives**

1. PCHAT membership
2. Meaningful resident engagement
3. ↑ Comm health buy-in & participation from city & school dist
4. address health inequities
5. expand afterschool hours & address SDOT
6. Utilize CI framework for systems change

**Why?**

- lack of coal
- lack of referral pathway
- lack of utilization

**Why?**

- rugged independence / cultural pride & stigma of health inequities
- lack of understanding of health inequities
- Not accepting of **Black** others
- siloed deep
- lack of partnerships / infrastructure
- general burnout (as volunteers)
- lack of coordinate communication
- lack of resident engagement
- lack of resiliency
- lack of funds of community / comm. lens / flows

**Influences / Impacts of Issue**

Brainstorm

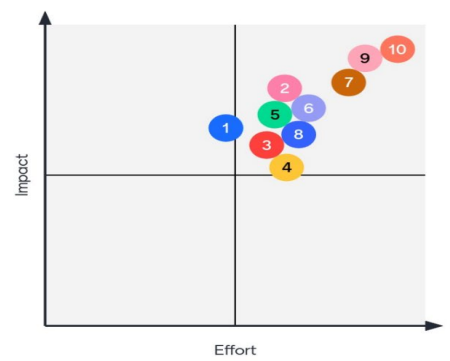

↓ health (projects are at least 100)

**Issue** → **access to community health resources / services / infrastructure**

- services avail BUT not being fully utilized
- not serving all who need it
- lack of coordination among existing partners
- referral pathway to ensure no gaps
- how to prevent future health issues
- \* get further upstream
- how to get community & partners to show up
- historical challenges w/ policymakers supporting & engage hisp/latinx comm. members
- \* lack of acceptance & of inequities

## Activity Brainstorm

1. PSA to reduce mental health stigmas
2. Peer to Peer Counseling support
3. Collaboration with city/ elected officials
4. Reinvigorate community gardens
5. Parenting Classes
6. Mentorship program
7. Recruit and retain licensed mental health clinicians
8. Increase walkability
9. Expand afterschool programs to be present in all three communities
10. Affordable housing

**Questions about the Payette CHAT?**

**for more information**

## Legislative Update – February 28, 2023

Bill number	Title	Brief description	Impact	Status
<b>H81</b>	Maternal mortality review cmte	Maternal Mortality Review Committee is set to sunset on July 1, 2023. This bill removes the sunset date.	Review of maternal deaths (i.e., deaths that occur during pregnancy, or at or soon after deliver), are valuable in understanding causes of death and measures that could be taken to prevent future maternal deaths. If this committee sunsets, there will no longer be the opportunity to understand these causes of death and develop population-based strategies that could prevent premature death.	Referred to Health & Welfare Committee on 2/3.
<b>H82</b>	Dietary supplement act	Adds to existing law to enact the Idaho Dietary Supplement Act, which provides that the production, marketing, distribution, sale, and use of dietary supplements that were legal as of July 1, 2022, in Idaho shall remain legal in Idaho, regardless of any changes to federal law or regulation.	This bill could have negative implications for any future efforts to ban the sale or use of kratom nationally or in Idaho. Kratom is considered a new dietary ingredient under the Federal, Food, Drug, and Cosmetic Act. Kratom has the potential to be addictive and in rare cases causes seizures, high blood pressure, and liver problems. Fatal overdoses from kratom alone are very rare, but the use of kratom in combination with other drugs has been linked to deaths and severe adverse effects. Long-term effects are not well understood, and the DEA has listed kratom as a “drug of concern.”	Referred to Health & Welfare Committee on 2/3.
<b>H84</b>	Rural nursing loan repayment prgm	Adds to existing law to establish a rural nursing loan repayment program.	This bill would provide opportunities to recruit and retain nurses in rural areas of southwest Idaho, benefiting SWDH and other providers.	Reported out Committee with a Do Pass Recommendation on 2/16. U.C. to hold place on third reading calendar until Monday 2/27.

<b>H154</b>	Vaccines, misdemeanor	Adds to existing law to provide that providing or administering an mRNA shot is a misdemeanor.	This bill would make providing any vaccine or treatment that contains mRNA now or in the future a criminal offense, which could have significant impacts to Idahoans if they are deprived of medical care that could prevent, treat, or cure a medical condition that could result in disability or premature death.	Referred to Health & Welfare on 2/16.
<b>H160</b>	District health dept, fact sheets	Amends and adds to existing law to provide that, prior to receiving a health care service from a district health department, a person must first review and sign a risk/benefit fact sheet and to provide for the adoption of risk/benefit fact sheets by administrative rule.	This bill would 1) change the authority of Trustees, 2) require annual rule-making, and 3) have a significant financial impact on SWDH, duplicate processes and information that are already in place, and potentially put the district at risk for legal action if medical advice is provided that is not consistent with the drug or device manufacturer or established standards of care.	Referred to Health & Welfare on 2/20.
<b>S1009</b>	Health rights	Amends and adds to existing law to clarify the health rights of Idahoans.	This bill would remove the Board of Health's authority to take certain actions to protect the health of Idaho residents, in general. It would also make it against the law for SWDH to advertise for the recommended public use of any vaccine, drug, or medication classified as experimental by a competent medical authority. This could include medications approved for other purposes (i.e., off-label use), but in an emergency situation, could prove beneficial to reducing disability and premature death.	Referred to Health & Welfare on 1/20.
