AAFV is going to provide in-kind donations to support almost half the cost of the purchase and implementation of the EHR. We are also going to use some of these funds for materials for booths and providers. Finally, we'll use these funds for the T-Care training (for the EHR), which is only \$250.</a></p> <ul style="list-style-type: none"> <li>Next Steps:               <ul style="list-style-type: none"> <li>T-Care Training</li> <li>EHR Purchase, Build, Implementation (CAP60)</li> <li>MOUs- new or continuing with schools</li> </ul> </li> </ul> <p><a href="#">Savannah would like to strengthen relationships with smaller school districts like Emmett, who has a need for programs like YouthROC.</a></p>	Savannah S
1:35	I	WIYSC Update <ul style="list-style-type: none"> <li>Permanent Location Remodel</li> </ul>	Cas A Abigail H

		<p>Remodel begins today! The remodel will take approximately six months and we will move out of the temporary location approximately a year from when we opened in January.</p> <ul style="list-style-type: none"> <li>• Magellan Contract</li> </ul> <p>SWDH signed the new contract with Magellan the beginning of</p> <ul style="list-style-type: none"> <li>• Clarvida Contract Amendments</li> </ul> <p>Contract amendments have been signed by Clarvida and will be signed by SWDH this week.</p> <p>Contract amendments include a change in the cost/billing structure and scope of work to match the new Medicaid minimum standards and billing/reimbursement structure (no more third-party reimbursements).</p> <ul style="list-style-type: none"> <li>• Monthly update from Clarvida</li> </ul> <p>First time visitors have stayed steady over time, but overall visits have gone down, which we think is because of summer break.</p> <p>Increase in community partner referrals from self-referrals/family.</p> <p>Gender breakdown hasn't been steady, so we're not sure if we are going to end up generally seeing one more than the other.</p> <p>SUD usage increased in June, as well.</p> <p>Conversations, meetings, and visits with partners have increased, which we think is why partner referrals have increased.</p> <p>Clarvida staff has started to do more community trainings, like SBIRT. They are becoming more comfortable communicating with youth about SUDs and youth might be more comfortable talking to staff about it.</p> <p>It has always been the plan to serve ages 5-9, but it doesn't make sense in the current temporary space. However, we are going to start providing referrals, information, and resources to those ages.</p> <p>Questions from the group: addressing law enforcement referrals for youth with suicidal ideation/recent attempt (we can serve this population, admittance may be on a case-by-case basis), addressing serving youth ages 5-9 (will provide resources to families and will start providing a full suite of services to youth when the new location opens late January 2025), addressing serving youth with developmental and intellectual disabilities (staff receive ongoing training to address this and they shouldn't be turned away for these reasons)</p>	
1:59	I	<p>Next meeting scheduled for August 26, 1:00-2:00pm</p> <p>We will discuss term renewals at next month's meeting.</p>	Cody W
