Trauma-Focused Cognitive Behavioral Therapy

for Kids & Teens

What is Trauma-Focused Cognitive Behavioral Therapy?

An evidence-based treatment for children and adolescents who have experienced trauma, and for their caregivers. Research shows TF-CBT effectively resolves emotional and behavioral difficulties associated with single, multiple or complex traumatic experiences.

Who is this training for?

Mental health providers licensed in Idaho with a Master's degree or higher and providing counseling services to children and youth. Preference given to those providing counseling services in Adams, Canyon, Gem, Owyhee, Payette, and Washington counties.

Why is this training valuable?

Enhance your professional expertise in trauma-informed care by getting certified to provide high-fidelity treatment to meet the growing demand for certified therapists in schools, clinics, child-welfare and community settings in Idaho.

When and Where?

Thursday, March 19th and Friday March 20th from 9am - 5pm
Southwest District Health: 13307 Miami Lane in Caldwell 83607
